

## Newcastle 8-11 St.Andrews

On Sunday 12th November, Saints women travelled down to Newcastle to play our friendly Premier League rivals. We came away with an amazing 11-8 win, which moved us up to second in the league.

The match started off pretty slowly until four minutes in where Elle broke the deadlock with an impressive outside shot. Newcastle then picked up their game and finished the quarter leading 2-1. In the second quarter, leading goal scorer Meg Hedrick scored a brace putting us ahead at half time. The match remained extremely tight with some great long range shooting from Newcastle. However in the last quarter Saints started to pull away, suggesting that those fitness morning swim sets may be worth it. An impressive goal from Nikki from set, a rocket of a shot from Becky alongside Ruby, Elle and Meg increasing their impressive goal tallies, made the final score 8-11 to us.

Huge congratulations to everyone on the team! After losing to Newcastle three times last season, the improvements this team has made are so evident.

The day was made extra special with alumni Katharyn and Alex coming to support us. It was so lovely to catch up with the both of them and hear about the wonderful things they are getting up to now. After the match we all headed to a Christmas market where we grabbed food a few drinks and all got into the Christmas spirit.

Next up we play Nottingham at home, hoping to continue our winning streak and to keep improving our performance for every match!
