

St Andrews 34-4 Nottingham

On Wednesday, the Women played their home game against Nottingham. The game got off to a flying start with Nottingham winning the swim off but Ruby V, Meg and Nicole all scoring within the first two minutes. Further goals by Elle, Nicole and Meg followed by two from Nottingham put the score at 10-2 at the end of the first quarter. The second quarter was another success with some great saves by goalie Alex (despite having a stitch in her leg after falling off her bike the night before). Further goals by freshers Becky, Nicole and Ruby plus two from Meg made the score 20-3 halfway through the match. Despite three incredible saves by the Nottingham goalie, some great passes between Meg and Ruby V add another four goals to the tally. These goals were closely followed by another three from captain Lydia, Nicole and Georgie, ending the third quarter at 27-3. The final quarter began with Lydia winning the swim-off, a man-up and Amelia scoring all within the first 30 seconds. More goals from Ruby V, Lydia, Meg, Elle and Nicole bring the final score to 34-4 and put us at the top of the league table. A massive well done to everyone, and thank you to Nottingham for travelling so far to see us. We are all overjoyed with the result, especially as our less-experienced players got a lot of game time and the chance to take many shots.
